## YOUNG TALENT

### HAPPY BIRTHDAY

<i>GENE NOVOTNY</i>	11
<i>LOIS HACKEL</i>	11
<i>DELORIS THOMPSON</i>	15
<i>STAFF</i>	
<i>MARCIA REZNICEK</i>	3
<i>RICKY BELGRAM</i>	27

On April 24th the students of Jeanette Peters came to entertain the residents. One of the students had only been taking lessons for a little over a month and was able to perform a song. Jeanette provides lessons for vocal, guitar and piano. There were 25 students that were able to come for the afternoon. There was a total of 75 people that came to listen to this young talent. Some children start lessons at a young age of 5. Jeanette recommends whenever the child is interested. Jeanette has been teaching since she was 16 years old. She is always so willing to bring her students once a year. A lot of times the residents have a grandchild that is entertaining which makes it extra special for them. We look forward to see how their talents grow from year to year.

### EASTER FUN

The residents had an opportunity to make their own tree of Easter ornaments. This was really a good time for the ladies to get together and be creative and socialize. There wasn't one tree that looked the same. Most of the ladies put the tree on their ledge outside their apartments so everyone could see the creativity they all have. The residents had a Good Friday service performed by Pastor Barrelman and Pastor Brown.

### MEMORIAL DAY

Memorial Day is just around the corner, May 31. This day is a Federal holiday also known as Decoration Day. The first documented Observance was at Waterloo, NY on May 5, 1866. This day is a time to remember all the fallen soldiers and other loved ones who have died. Here at Grandview, it is a day that we remember those who were part of our family and are missed. On Memorial Day, care rides are given to those who wish to go to the cemetery.

## HAPPY MOTHER'S DAY

Mother's Day is one of the busiest days for the floral shops. Everyone wants to let their mother know how much they care. Some interesting statistics on motherhood; The oldest mother recorded is a 66 year old gave birth to twin boys in 2006. The youngest mother recorded is 5 years old in 1939. The longest interval between two children is 41 years and she was 60 years old when she had her last child. The highest recorded number of children is 69. She gave birth to 16 twins, seven sets of triplets and four sets of quadruplets. This was dated in 1765. Some of the statistics seem hard to believe. It doesn't matter how old we are, mothers always hold a special place in our heart. In asking the residents there were so many memories. Some of the residents were very young when their mother died. They commented, "I didn't have her long enough." Other comments were; she was "adorable", hard worker, gave a lot of love, greatest cook, always there for me, gave good advice, survivor, beautiful soloist, didn't complain, sweetest, dearest, greatest mother in the entire world. I heard several comments about still missing their mother and dreaming about them! A mother's love, is forever love....

### **MAY HAPPENINGS**

- 5th, *Methodist Ladies/hat show*    -6th, *baskets with WFLA and St. Mary's School*
- 7th, *Mother's Tea/Style Show*    -17th, *Kara Fischer with Ord Memorial Chapel*
- 18th, *Ladies Tea & Program*    -25th *Sara Andreesen/Haiti*

### **EXERCISE AND STAY FIT!**

Exercise therapy is offered every Monday, Wednesday and Friday at Grandview. The exercises encourage range of motion, stamina, cognitive stimulation and coordination. These exercises last for 30 minutes which include;

dribbling the ball 30-60 times, throwing and catching the ball, squats, dancing, heel-toe and many more stretches for arms, legs, neck, etc. The residents work very hard and always have a smile! Even for myself, this is a good workout, so I'm very proud of how well they do for their age. I really look forward to being with them on these mornings and would put them up against any competitors.            Marcia Reznicek, Activity Director
